## **CAUTIONARY NOTE ON FORWARD-LOOKING STATEMENTS**

All statements contained in this Whitepaper, statements made in press releases or in any place accessible by the public and oral statements that may be made by DinnerfulNetwork and/or the Distributor or their respective directors, executive officers or employees acting on behalf of DinnerfulNetwork or the Distributor (as the case may be), that are not statements of historical fact, constitute “forward-looking statements”. Some of these statements can be identified by forward-looking terms such as “aim”, “target”, “anticipate”, “believe”, “could”, “estimate”, “expect”, “if”, “intend”, “may”, “plan”, “possible”, “probable”, “project”, “should”, “would”, “will” or other similar terms. However, these terms are not the exclusive means of identifying forward-looking statements. All statements regarding DinnerfulNetwork’s and/or the Distributor’s financial position, business strategies, plans and prospects and the future prospects of the industry which DinnerfulNetwork and/or the Distributor is in are forward-looking statements. These forward-looking statements, including but not limited to statements as to DinnerfulNetwork’s and/or the Distributor’s revenue and profitability, prospects, future plans, other expected industry trends and other matters discussed in this Whitepaper regarding DinnerfulNetwork and/or the Distributor are matters that are not historic facts, but only predictions.

These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual future results, performance or achievements of DinnerfulNetwork and/or the Distributor to be materially different from any future results, performance or achievements expected, expressed or implied by such forward-looking statements. These factors include, amongst others:

- (a) changes in political, social, economic and stock or cryptocurrency market conditions, and the regulatory environment in the countries in which DinnerfulNetwork and/or the Distributor conducts its respective businesses and operations;
- (b) the risk that DinnerfulNetwork and/or the Distributor may be unable or execute or implement their respective business strategies and future plans;
- (c) changes in interest rates and exchange rates of fiat currencies and cryptocurrencies;
- (d) changes in the anticipated growth strategies and expected internal growth of DinnerfulNetwork and/or the Distributor;
- (e) changes in the availability and fees MealCoinDinnerful (MCD) is able to maintain on DinnerfulNetwork and/or the Distributor in connection with their respective businesses and operations;

- (f) changes in the availability and salaries of employees who are required by DinnerfulNetwork and/or the Distributor to operate their respective businesses and operations;
- (g) changes in preferences of customers of DinnerfulNetwork and/or the Distributor;
- (h) changes in competitive conditions under which DinnerfulNetwork and/or the Distributor operate, and the ability of DinnerfulNetwork and/or the Distributor to compete under such conditions;
- (i) changes in the future capital needs of DinnerfulNetwork and/or the Distributor and the availability of financing and capital to fund such needs;
- (j) war or acts of international or domestic terrorism;
- (k) occurrences of catastrophic events, natural disasters and acts of God that affect the businesses and/or operations of DinnerfulNetwork and/or the Distributor;
- (l) other factors beyond the control of DinnerfulNetwork and/or the Distributor; and
- (m) any risk and uncertainties associated with DinnerfulNetwork and/or the Distributor and their businesses and operations, the MEALCOINDINNERFUL (MCD) tokens, the DinnerfulNetwork Initial Token Sale (each as referred to in the Whitepaper).

All forward-looking statements made by or attributable to DinnerfulNetwork and/or the Distributor or persons acting on behalf of DinnerfulNetwork and/or the Distributor are expressly qualified in their entirety by such factors. Given that risks and uncertainties that may cause the actual future results, performance or achievements of DinnerfulNetwork and/or the Distributor to be materially different from that expected, expressed or implied by the forward-looking statements in this Whitepaper, undue reliance must not be placed on these statements. These forward-looking statements are applicable only as of the date of this Whitepaper.

Neither DinnerfulNetwork, the Distributor nor any other person represents warrants and/or undertakes that the actual future results, performance or achievements of DinnerfulNetwork and/or the Distributor will be as discussed in those forward-looking statements. The actual results, performance or achievements of DinnerfulNetwork and/or the Distributor may differ materially from those anticipated in these forwardlooking statements.

Nothing contained in this Whitepaper is or may be relied upon as a promise, representation or undertaking as to the future performance or policies of DinnerfulNetwork and/or the Distributor.

Further, DinnerfulNetwork and/or the Distributor disclaim any responsibility to update any of those forwardlooking statements or publicly announce any revisions to those forward-looking statements to reflect future developments, events or circumstances, even if new information becomes available or other events occur in the future.

## **MARKET AND INDUSTRY INFORMATION AND NO CONSENT OF OTHER PERSONS**

This Whitepaper includes market and industry information and forecasts that have been obtained from internal surveys, reports and studies, where appropriate, as well as market research, publicly available information and industry publications. Such surveys, reports, studies, market research, publicly available information and publications generally state that the information that they contain has been obtained from sources believed to be reliable, but there can be no assurance as to the accuracy or completeness of such included information.

Save for DinnerfulNetwork, the Distributor and their respective directors, executive officers and employees, no person has provided his or her consent to the inclusion of his or her name and/or other information attributed or perceived to be attributed to such person in connection therewith in this Whitepaper and no representation, warranty or undertaking is or purported to be provided as to the accuracy or completeness of such information by such person and such persons shall not be obliged to provide any updates on the same.

While DinnerfulNetwork and/or the Distributor have taken reasonable actions to ensure that the information is extracted accurately and in its proper context, DinnerfulNetwork and/or the Distributor have not conducted any independent review of the information extracted from third party sources, verified the accuracy or completeness of such information or ascertained the underlying economic assumptions relied upon therein. You should consult your own legal, financial, tax or other professional adviser regarding DinnerfulNetwork and/or the Distributor and their respective businesses and operations, the MEALCOINDINNERFUL (MCD) tokens, and the DinnerfulNetwork Initial Token Sale (each as referred to in the Whitepaper). You should be aware that you may be required to bear the financial risk of any purchase of MEALCOINDINNERFUL (MCD) tokens for an indefinite period of time.

## **NO FURTHER INFORMATION OR UPDATE**

No person has been or is authorized to give any information or representation not contained in this Whitepaper in connection with DinnerfulNetwork and/or the Distributor and their respective businesses and operations, the MEALCOINDINNERFUL(MCD) tokens, and the Dinnerful Network Initial Token Sale (each as referred to in the Whitepaper) and, if given, such information or representation must not be relied upon as having been authorized by or on behalf of DinnerfulNetwork and/or the Distributor. The DinnerfulNetwork Initial Token Sale (as referred to in the Whitepaper) shall not, under any circumstances, constitute a continuing representation or create any suggestion or implication that there has been no change, or development reasonably likely to involve a material change in the affairs, conditions and prospects of DinnerfulNetwork and/or the Distributor or in any statement of fact or information contained in this Whitepaper since the date hereof.

## **RESTRICTIONS ON DISTRIBUTION AND DISSEMINATION**

The distribution or dissemination of this Whitepaper or any part thereof may be prohibited or restricted by the laws, regulatory requirements and rules of any jurisdiction. In the case where any restriction applies, you are to inform yourself about, and to observe, any restrictions which

are applicable to your possession of this Whitepaper or such part thereof (as the case may be) at your own expense and without liability to DinnerfulNetwork and/or the Distributor.

Persons to whom a copy of this Whitepaper has been distributed or disseminated, provided access to or who otherwise have the Whitepaper in their possession shall not circulate it to any other persons, reproduce or otherwise distribute this Whitepaper or any information contained herein for any purpose whatsoever nor permit or cause the same to occur.

## **NO OFFER OF SECURITIES OR REGISTRATION**

This Whitepaper does not constitute a prospectus or offer document of any sort and is not intended to constitute an offer of securities or a solicitation for investment in securities in any jurisdiction. No person is bound to enter into any contract or binding legal commitment and no cryptocurrency or other form of MealCoinDinnerful (MCD) token is to be accepted on the basis of this Whitepaper. Any agreement in relation to any sale and purchase of MEALCOINDINNERFUL (MCD) tokens (as referred to in this Whitepaper) is to be governed by such agreement and no other document.

No regulatory authority has examined or approved of any of the information set out in this Whitepaper. No such action has been or will be taken under the laws, regulatory requirements or rules of any jurisdiction. The publication, distribution or dissemination of this Whitepaper does not imply that the applicable laws, regulatory requirements or rules have been complied with.

## **RISKS AND UNCERTAINTIES**

Prospective purchasers of MEALCOINDINNERFUL (MCD) tokens (as referred to in this Whitepaper) should carefully consider and evaluate all risks and uncertainties associated with DinnerfulNetwork, the Distributor and their respective businesses and operations, the MEALCOINDINNERFUL (MCD) tokens, and the DinnerfulNetwork Initial Token Sale (each as referred to in the Whitepaper), all information set out in this Whitepaper prior to any purchase of MEALCOINDINNERFUL (MCD) tokens. # **DINNERFUL NETWORK**

*“At Dinnerful we are dedicated to making dinner available  
On block chain”*

## **Company Background**

When we as the co-founders of Dinnerful got together to start this company, it was our vision to make Dinnerful the share economy example like AirBnb or Uber in the restaurant industry. As the first step, we have been successful connecting local restaurants to serve discount price monthly dinner plan. We are working hard to bring in private chefs to cater Dinnerful Club members through a Dinner Co-op mechanism. Now with block chain technology about to revolutionize the banking industry, we have created MealCoinDinnerful (MCD) payment system and Dinnerful Network aiming to establish an ecosystem connecting worldwide restaurants and diners with MCD Tokens.

## **Company Overview**

DinnerfulNetwork is an order and MealCoinDinnerful (MCD) payment service network connecting worldwide restaurants, catering industry and private chefs onto block chain on the crypto-market. MealCoinDinnerful token (MCD) is the first Ethereum-based assets that comply with the ERC20 token standard using Ethereum smart contract for meal service on DinnerfulNetwork. Dinnerful application is the building block and entry point of Dinnerful service at the crypto-market. In addition to using MCD token for meal and other future travel & lodging services, diners can also trade MCD at secondary markets for liquidity.

Dinnerful.com is founded in 2015 with \$250,000 initial seed money from four private investors/founders. Dinnerful.com started monthly family dinner plan service in Boston Massachusetts in October 2015. Dinnerful is trusted by thousands of loyal customers serving over 800,000 entrees to all Boston families. Dinnerful.com became profitable in 1st quarter of 2017.

DinnerfulNetwork owns trademarks of 舌尖微信食堂 and 舌尖微信 won over a year and half long trademark battle against China Tencent 腾讯 Company which owns WeChat & QQ (popular WhatsApp like chat app in China with MealCoinDinnerful (MCD) payment and shopping service integration).

At DinnerfulNetwork, we strive to offer the user access to as large as possible a range of blockchain meal catering services as well as other future traveling and lodging “real world” services at a maximum degree of convenience, while adhering to the highest standards in the ecosystem.

### The Dinnerful Team

The current team has 6 people: CEO and COO who are also the two co-founders, two engineers, a Director of Engineering and a designer. The two engineers have solid technical experience. Mr. MO, Dinnerful founder and CEO, has background in application security and identity management industry and once owned and managed several restaurants before receiving Master of Computer science degree from University of Houston Clear Lake in 2008. Mr. Mo is a serial entrepreneur with established Social Ad Platform in China in 2011 and Dinnerful at 2015. COO and co-founder Michael Wan has background in government relations and business management. Mr. Wan has successfully completed several business mergers with early stage internet tourism companies and luxury jewelry retail fronts. Based on the information openly available, MealCoinDinnerful (MCD) Token is the first on block chain used for actual meal service.

## **MealCoinDinnerful (MCD) Major Participants**

- **Diners** can purchase Try Meal/Monthly Dinner plan through Dinnerful.com application at available Dinnerful service areas using Crypto Token Assets at a discount price. Diners can trade MCD for liquidity at market price immediately after ICO.

- **Entrepreneurs (Business)** can start catering business operation with Dinnerful Trademark Brands and existing customer base working as partners of Dinnerful network.

- Entrepreneurs purchased Trademark license can open and operate under Dinnerful Network with free access to online resources and blockchain MealCoinDinnerful (MCD) payment network.

- Business can join Dinnerful Network as partner to increase customer base and sales revenue and receive online promotion. Business can also access online resources and blockchain MealCoinDinnerful (MCD) payment network. Partner restaurant currently receives additional \$10,000 sales in average per month as DinnerfulNetwork partner.

- **Brokers (Managers)** are community members working on Dinnerful network by marketing MCD to new franchise owners and business partners. i.e. drivers network manager and trademark area owner broker.

- Brokers are community members providing support and executing transactions with potential Dinnerful Franchise owners and restaurant partners. Brokers receive commissions and token rewards from Dinnerful network operation. Current Partner restaurant profit for brokers is at 10-15%.

- Managers are community members in charge of Dinnerful Drivers dispatch and operation using tools to ensure on time delivery. Dinnerful Driver Boston currently earns \$20 per hour working flexible days Monday to Friday from 3pm to 6pm. Managers receive commissions and token rewards from Dinnerful network operation.

## Advantages

- **Peg to dinner dollar value** MealCoinDinnerful Token is pegged to dinner dollar value based on Ethereum market price at ICO. This will serve as a floor to maintain stable token value with physical dinner service.

- **Low processing fee** Banking and credit card fees are high ranging from 3% - 5% or higher plus transaction fees for each charge. Using DinnerfulNetwork Crypto-MealCoinDinnerful (MCD) payment service via Ethereum blockchain can achieve extremely lower fees at around 1%.

(\*) If ETH is \$250, 21000 gas will cost  $0.00000002 * 250 * 21000 = 0.105$ .

- **Lower operation cost** Efficient online management using Dinnerful network tools and resources eliminate human errors, lower food cost and increase profit margin.

- **Brand recognition & Network effect** Bring in new customer from Dinnerful network. Enjoy advertisement campaign package through Dinnerful network. Full rights to use popular trademark brands (舌尖微信食堂 and 舌尖微信) in authorized service areas.

- **Jump start new business** Start a new franchise business on Dinnerfulnetwork utilizing all resources and tools available for a success opening without owning a physical restaurant. Working with established business to enable Dinnerful meal service plan by setting up virtual store fronts and receive monthly MealCoinDinnerful (MCD) payout and rewards.

Dinnerful Network order and MealCoinDinnerful (MCD) payment service introduces an emerging new market using crypto assets MealCoinDinnerful (MCD) payment can significantly lower the cost of operation by minimizing service fees through current credit system, enable new customer base, increase sales revenue and improve online order management. The partner network and popular brand loyalty with trademark protection can help new business gain momentum and stand on a solid ground with minimal investment for a better profit.

## Economics and Token

- **DinnerfulNetwork uses own token** MealCoinDinnerful **MCD** (ERC20 compatible)
- **MCD will have a fixed supply** with no inflation mechanism

### **MCD value** explained:

- 1) MCD Used purchasing meals with pegged dollar value at ICO price will help stabilize MCD token value and serve as a price floor when Ether price dips.
- 2) MCD token used by Entrepreneurs, Businesses and Brokers will help stimulate token distribution and market flow.
- 3) MCD token franchise owners quarterly balance review will encourage long term holding effect to even further stabilizing Ethereum token market.

## Initial Token Sale

### What is an Initial Token Sale?

An Initial Token Sale (ITS) is an event in which a new cryptocurrency project sells part of its cryptocurrency tokens to early adopters and enthusiasts in exchange for funding. For the party offering the tokens for sale, this has become a well-documented and well-respected way to raise funds to upscale an existing product or service.

*The sale by the Distributor of MealCoinDinnerful (MCD) tokens in connection with an Initial Token Sale (the “**Initial Token Sale**”) to you as a purchaser thereof, will be subject to and governed by this whitepaper as between the Distributor and you in relation to the DinnerfulNetwork Initial Token Sale.*

*The Distributor will be an affiliate of Dinnerful.com, and will deploy all proceeds of sale of MealCoinDinnerful (MCD) Tokens in connection with the Initial Token Sale to fund DinnerfuNetwok project, businesses and operations.*

*Unless the context requires otherwise, references to “we” or “us” in connection with the DinnerfulNetwork Initial Token Sale shall be construed as references to the Distributor.*

## Summary

- Dinnerfulnetwork order and payment service targets an emerging market connecting physical restaurants, catering services and private chefs to the block chain via ERC20 compatible MCD Token.
- DinnerfulNetwork intends to bring worldwide restaurants into the new crypto market through our tokens and customer base to establish a new model of profit sharing with mutual incentives.
- DinnerfulNetwork strives to offer the users ease of access to as large as possible a range of block chain meal catering services as well as other future “real world” services at a maximum degree of convenience, while adhering to the highest standards in the ecosystem.

- DinnerfulNetwork ICO contributors receive meal service or exclusive franchise representation in corresponding areas/regions. Meal contributors have option to receive equal value of other service offers available on website in areas where dinner service not available.
- MealCoinDinnerful (MCD) Token will be used to purchase meals and other available services in operational areas/regions.
- Pre-Sale for ICO started Sep 18, 2017 and is on a first come first serve basis with minimum 5 ETH contributions. If Pre-Sale reaches the hard cap of \$8M in ETH, ICO will end.
- The targeted \$8M should cover the first five years of development
